

National Tsing Hua University

天下為工

College of Engineering

International Internship Program

Academics

Department of Chemical Engineering,
Department of Power Mechanical Engineering,
Department of Materials Science and Engineering,
Department of Industrial Engineering and Engineering Management,
Institute of NanoEngineering and MicroSystems,
Institute of Biomedical Engineering

Why NTHU CoE?

Outstanding Academic Performance

- NTHU was ranked first in Taiwan in 2010 by the U.K. Times.
- The world ranking of CoE is continuously increasing, from 114th in 2008, and to 84th in 2009, and to 67th in 2010, according to the QS Times.
- Three Nobel Laureates, one Wolf Prize winner, and ten academicians (Academia Sinica, Taiwan) are from NTHU.

Excellent Research Environment

- State-of-the-art research facilities
- 127 brilliant faculty members, 46 professional staff, and 3,000 intelligent and friendly students
- Collaborations with 137 universities in 30 different countries

Attractive Surroundings

- NTHU is located in Hsinchu City; the world famous Science and Industrial Park is within walking distance; and it is just 90 minutes by car to Taipei 101 and the National Palace Museum.
- The campus is beautiful, with abundant greenery, small hills, scenic lakes, Chinese Gardens, and ecological reserves.
- The university's surroundings are superb, safe and convenient, providing gourmet food courts, bookstores, supermarkets, traditional markets, and shopping malls for electronics items.

About Internship

High-Value *Global Engineer Leadership Scholarship*

- Subsidized round-trip airline ticket
- Monthly living allowance
- Free university accommodation

Program Application

- Worldwide undergraduate and graduate students with good academic performance are qualified to apply.
- The internship duration is at least two months.
- Applications can be submitted anytime.

Listen to what they say!

"This intern experience has allowed me to discover my strengths and interests; and has given me a better sense of where I want to go with my career."

Larissa Bittar, Paraguay

"Studying at NTHU has given me many opportunities to meet people from many countries, learn from the Taiwanese/Chinese culture, and, of course, to have access to innovative technologies and trends in the world of engineering."

Leonardo Chung, Panama

"Living in an advanced and sophisticated society at Taiwan helps students from developing countries to improve their personality, which is undoubtedly an asset in one's lifetime."

Srinivasan Raman, India

"Walking in the campus is like walking in a forest.... My mentor and lab-mates treated me like family!"

Jing-Yu Pan, China

"I met so many friendly people and learned a lot. I will keep this memory in mind and hope I can come back soon!"

Cora Sawatzki, Germany
